Applegarth Meadow Path Resurfacing - Invitation to Tender

1. Introduction

Grayshott Parish Council invites suitably qualified contractors to submit a tender for the resurfacing of part of the footpath at Applegarth Meadow, running parallel to Miller Avenue, Applegarth Vale, GU26 6FY.

The Council is seeking a durable, neat and sympathetic resurfacing solution that matches the existing resurfaced section and is delivered with minimal disruption to nearby residents and users of the meadow.

2. Scope of Works

The works comprise the resurfacing of approximately 116 metres of hoggin path at Applegarth Meadow. Some of the path has already been resurfaced; the new works must be neatly joined to the existing resurfaced section using matching materials and installation techniques.

Required material: Limestone 6mm to dust top-dressing, laid to an average depth of 75mm.

The contractor shall prepare the existing path surface to ensure successful binding of the new limestone dusting. The red area of the car park may be used as a compound during the works, subject to keeping the area safe and tidy.

All waste; surplus materials and arisings must be removed from site by the contractor. Works must be planned and carried out so as not to disturb residents unnecessarily. A site visit can be arranged on request.

3. Programme

The works may be programmed to suit the appointed contractor and the Council but must be completed no later than Spring 2027.

4. Tender Submission Requirements

Tenders must be submitted by email to clerk@grayshott-pc.gov.uk no later than 5:00pm on 31st August 2026.

Submissions should include:

- the tender price;
- a brief method statement;
- proposed timing;
- confirmation of £5 million public liability insurance;
- confirmation of compliance with relevant Council policies;
- references, if requested.

Tenders will be considered primarily on price and the proposed method of working. The Council is not bound to accept the lowest or any tender and reserves the right to seek clarification, request references, amend the timetable, or withdraw the tender process at any time.

5. Payment Terms

Payment will be made following inspection and acceptance of the completed works by the Council. The contractor may submit an invoice after the works have been completed and approved.
